CAREER OBJECTIVE

Enthusiastic Java developer fresher with strong skills in Java, Data Structures, and web development. Experienced in front-end and back-end basics, with hands-on project work. Seeking to apply technical skills in a collaborative environment.

TECHNICAL SKILLS

Programming Languages: Java, JavaScript (ES6), HTML, CSS
Frameworks/Libraries: React.js, Bootstrap, jQuery (Basics)
Web Technologies: Responsive Design, REST APIs, DOM Manipulation
Design Tools: Figma (Basics), Canva
Core Concepts: UI/UX Principles, SEO Basics, Cross-Browser Compatibility
Version Control: Git, GitHub

PROJECTS

Novel Nest Online Bookstore Platform ↗

- Developed a comprehensive online bookstore platform for buying and selling new and second-hand books, addressing the gap in the market for bulk book transactions.
- Frontend:** Built with HTML, CSS, and JavaScript, ensuring a responsive and user-friendly interface.
- Backend:** Utilized Node.js with Express.js framework to handle server-side logic and API endpoints.
- Database:** Managed book inventory and user data using MongoDB for scalability and efficiency.
- Authentication:** Implemented JWT (JSON Web Token) for secure user authentication.
- Deployment:** Hosted the frontend on Netlify and backend on a secure server.
- [Live Site](#)

INTERNSHIP

CodeSoft ↗

Sep 2024 – Oct 2024

Java Intern

- Developed 4+ Java-based projects, applying object-oriented programming to solve real-world problems.
- Created tools and applications, including:
 - * **Student Grade Calculator:** Automated grade calculation for improved accuracy.
 - * **ATM Interface:** Designed a secure system with 3+ features (e.g., balance inquiry, withdrawal).
 - * **Quiz Application:** Built a timed platform supporting scoring and interactivity.
 - * **Course Registration System:** Streamlined enrollment with real-time schedule validation.

EDUCATION

Noida Institute of Engineering and Technology

2023 – Present

Master of Computer Applications (M.C.A.) - CGPA: 8.45

CERTIFICATIONS

- Design Thinking for Innovation - Coursera
- Introduction to Python - Infosys|Springboard
- Introduction to Cloud Computing - Infosys|Springboard
- Linux Command Line for Beginners - Infosys|Springboard

EXTRA-CURRICULAR ACTIVITIES

- Volunteered in organizing technical event at NIET, demonstrating leadership and teamwork.
